

Phytochemical Society of Europe's Trends in Natural Product Research

WROCLAW, Poland, 2-6 June 2025

from Chemistry, Biosynthesis, Diversity
to Medical and Pharmaceutical Innovative Applications

Phytochemical Society of Europe

WROCLAW
MEDICAL UNIVERSITY

We are delighted to announce that the **next Phytochemical Society of Europe's Trends in Natural Product Research - from Chemistry, Biosynthesis and Diversity to Medical and Pharmaceutical Innovations** will be held in Wrocław, Poland in 2025. This is a continuation of the successful previous events held back in 2014 and 2016 but this time the **Phytochemical Society of Europe** kindly agreed to provide patronage. We invite *young researchers of all age from every place in the Universe*, working in the area of **natural products from various organisms and in all kinds of topics** to participate.

Phytochemical Society of Europe's Trends in Natural Product Research YOUNG SCIENTISTS MEETING

WROCLAW, Poland, 2-6 June 2025

THEMES

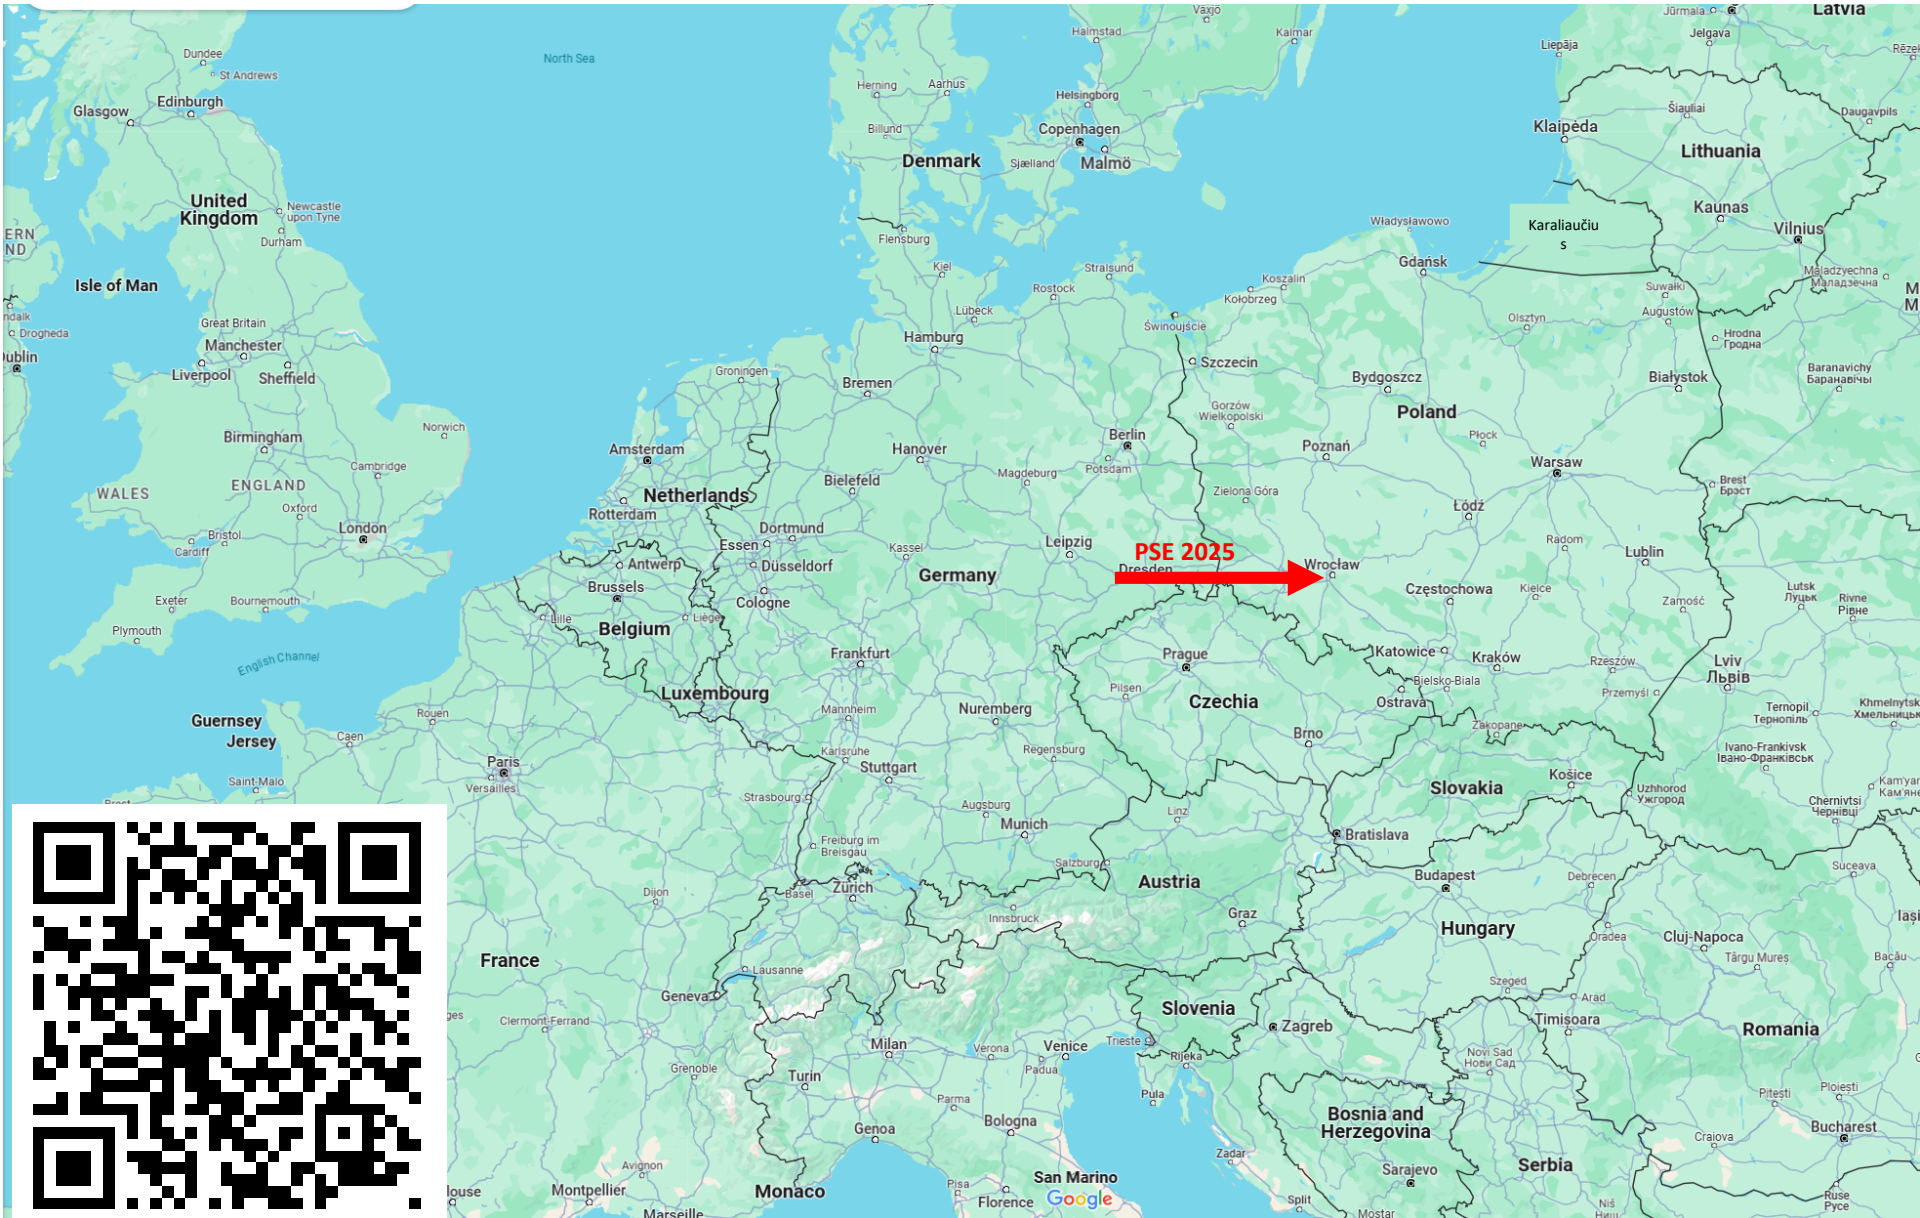

- ❁ Phytochemistry and #omics
- ❁ Biosynthesis and molecular biology
- ❁ Bioactivity of natural products
- ❁ Phytotherapy and pharmacology
- ❁ Folk medicinal and edible plants and mushrooms
- ❁ Natural products in food products and nutrition
- ❁ Natural Products vs Artificial Intelligence
- ❁ Biotechnology of medicinal and food crops
- ❁ NPs from marine organisms and extremophiles
- ❁ Biodiversity and conservation of wild herbs
- ❁ Natural Products and bioeconomy
- ❁ Natural products in the industry
- ❁ Cosmetic use of natural products
- ❁ Legal and regulatory aspects of bioactive NPs
- ❁ Passing through millennia – NP in history and archeology

Our vision is to strengthen the collaboration and to encourage early stage researchers to actively disseminate their results and ideas. We also imagine that the conference will offer the opportunity to meet and discuss research topics and methodologies, share and develop ideas, learn from each other and gain knowledge from prominent experienced scientists.

the Venue

The symposium will be held at the main campus of the **Pharmaceutical Faculty, Wrocław Medical University, Borowska 211, Wrocław, Poland**
